NOTICE OF PRIVACY PRACTICES FOR PROTECTED HEALTH INFORMATION

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION

PLEASE REVIEW IT CAREFULLY

THE PRIVACY OF YOUR HEALTH INFORMATION IS IMPORTANT TO US

USES AND DISCLOSURES OF HEALTH INFORMATION

We use and disclose health information about you for treatment, payment, and healthcare operations. For example:

Our Privacy Practices: Innovative Therapeutic Services, CORP (ITS) promises to maintain the confidentiality of your protected health information (PHI). PHI is health information about you that we have in our records. We will not share this information, in whole or in part, with any person or entity without your consent. In addition, we commit to delivering our services in a manner that maintains confidentiality. We will coordinate services with primary care physicians, referring agencies, schools or other stakeholders with your written consent.

Federal & State Laws: We are required by federal regulations called the “HIPAA Privacy Regulations” to protect the confidentiality of your health information. We are also required to comply with state laws that are often more stringent than the federal regulations. This, in essence, gives you double protection.

Authorization to Disclose PHI: It is our practice to obtain your authorization or consent before we disclose your PHI to another person or entity. You may revoke your authorization or consent at any time and for any reason.

How We Use Your Protected Health Information: We use your PHI solely for treatment, payment and health care operations. For example, we may use your PHI to plan and provide your care and treatment; communicate with health care professionals; obtain payment for our services; educate and train our staff; and assess and improve our services. We are also permitted to use or disclose your health information if required by law.

Your Rights: You have a right to request a restriction on certain uses and disclosures of your PHI; inspect and copy your PHI; request amendments to your PHI; and obtain an accounting or list of disclosures of your PHI. This access does not include records from outside agencies, such as hospitals, DOR, etc. Such access to the file must be authorized by the Program Director, with a notation of date and time entered in the file. If it is felt that, it would not be in the best interest of the member to access the file, a written summary of the file contents will be provided to the individual. A staff member must be present while the record is being reviewed by the member to ensure that nothing is removed or changed within the file contents. A member who disagrees with the contents of his/her records will have the opportunity to submit corrections/amendments, which would be included in the records.

Research: No sessions will be recorded without the written consent of the client. No information will be reviewed for research without the written consent of the client.

Marketing Health-Related Services: We will not use your health information for marketing communications without your written authorization.

Abuse or Neglect: We may disclose your health information to appropriate authorities when we suspect abuse or neglect.

Appointment Reminders: We may use or disclose your health information to provide you with appointment reminders (Such as voicemail messages text messages, emails postcards, or letters).

Our Duty: It is our duty to provide you with a copy of this disclosure statement for your personal records at the point of intake. A duplicate can be provided for you at any time upon request. With few exceptions, our conversations are confidential. State law, federal regulations and our code of ethics specifically guarantee this confidentiality. There are some situations, however, in which confidentiality cannot be guaranteed.

They fall within the following categories:

- We must notify appropriate persons if we feel you may harm another individual.
- We must report any occurrence of child abuse (past or present), or the abuse, neglect or exploitation of the elderly.
- We will have to respond to a subpoena accompanied by a court order.
- We will have to respond to any situation in which we believe you may harm yourself.

CLIENT RIGHTS

Access: You have the right to look at or get copies of your health information with limited exceptions. If you request copies, we will charge you a reasonable fee to locate and copy your information, and postage if you want the copies mailed to you.

Amendment: You have the right to request that we amend your health information.

QUESTIONS AND COMPLAINTS

If you want more information about our privacy practices or have questions or concerns, please contact us.

If you are concerned that we may have violated your privacy rights, or you disagree with a decision we made about access to your health information or in response to a request you made to amend or restrict the use or disclosure of your health information or to have us communicate with you by alternative means or at alternative locations, you may complain to us using the contact information listed at the end of this Notice. You also may submit a written complaint to the U.S. Department of Health and Human Services. We will provide you with the address to file your complaint with the U.S. Department of Health and Human Services upon request.

We support your right to the privacy of your health information. We will not retaliate in any way if you choose to file a complaint with us with the U.S. Department of Health and Human Services. A Privacy/Contact Officer has been designated for this office. The Privacy Officer can be contacted by simply contacting the office and asking to speak to the Office Manager who serves as the Privacy Officer.

CRISIS MANAGEMENT PLAN (CHILD)

Child's Name: _____

Crisis is a sudden change in behavior in response to stress or other painful feelings. It is often negative due to the child's lack of experience or inability to cope with personal or inter-personal problems. The goals of **crisis management** are to: provide immediate emotional support and reduce stress, decrease the risk of harm to the child or others and teach better, more constructive ways for dealing with stress or other painful feelings. Part of good crisis management is knowing what to expect. Generally, a person's response to stress or negative situations is the same. With that in mind, check the responses that relate to your child.

When my child is upset, he/she:

- | | |
|---|--|
| <input type="checkbox"/> Uses profanity (i.e.: cursing, swearing, vulgar language) | <input type="checkbox"/> Demands to be left alone |
| <input type="checkbox"/> Destroys property | <input type="checkbox"/> Runs away |
| <input type="checkbox"/> Refuses to talk to anybody/Will only talk to _____ | <input type="checkbox"/> Ignores rules or directions |
| <input type="checkbox"/> Makes bad decisions | <input type="checkbox"/> Uses drugs or alcohol |
| <input type="checkbox"/> Tries to hurt others (i.e.: hits, kicks, bites, spits, pushes, etc.) | <input type="checkbox"/> Tries to hurt him/herself |
| <input type="checkbox"/> Targets or starts fights or arguments with others | |
| <input type="checkbox"/> Seeks out weapons or other harmful objects | |
| <input type="checkbox"/> Makes verbal or physical threats (i.e.: violating personal space) | |
| <input type="checkbox"/> Has a rage reaction (i.e.: temper tantrum, screaming, door slamming) | |
| <input type="checkbox"/> Challenges authority (i.e.: talks back to parents, teachers, police, etc.) | |
| <input type="checkbox"/> Makes homicidal threats ("I'm going to kill _____.") | |
| <input type="checkbox"/> Makes suicidal threats ("I'm going to kill myself.") | |

Other: _____

I manage my child's behavior by:

1. Control the space where he/she is acting out.
2. Acknowledge feelings and give him/her time and space to vent.
3. Don't take it personal. Ignore negative comments.
4. Look for chances to reinforce good decisions. (If he/she has stopped using profanity, acknowledge that they are communicating more appropriately).
5. Get a feel for when the child is ready to hear me.
6. Present the child with my expectation(s) and offer to help. For example, "You know you're going to have to clean that up; do you want me to get the broom?"
7. When the child is calmer, take time immediately to review what just happened and discuss better ways that the child could deal with the situation "next time".
8. Let the child know that you will be looking to see him/her put the new plan into action next time.

Other: _____

If the client should exhibit behaviors that pose harm to his/herself or others, staff will:

- Limit client's access to weapons or items that can be used as weapons;
- Remove the person(s) who is/are the current target;
- Offer the client options and set limits;
- Use verbal interventions and proximity control to help the client deescalate, and;
- Assist the client with reintegration.

Should unsafe behavior(s) persist, staff will:

- Contact Clinical/PRP Director at (301) 604-1458 (during business hours)
- Contact our after hours crisis number at (301) 509-4720
- Contact 911
- Transport or refer client to closest Emergency Room

ADVANCED MENTAL HEALTH DIRECTIVES
(Applicable if Age 16 or Older)

What is an Advance Directive?

An advance directive outlines a person’s wishes in the event that he or she is incapacitated or unable to express wishes for health care and treatments. Under federal law, any facility receiving Medicare or Medicaid reimbursements is required to use advance directives. Individuals with a physical and behavioral health illness are covered under this mandate.

Behavioral Health Advance Directive

In a behavioral health advance directive, people are able to express their preferences on where to receive care and what treatments they are willing to undergo. They are also able to identify an agent or representative who is trusted and legally empowered to make healthcare decisions on their behalf. These decisions may include the use of all or certain medications, preferred facilities, and listings of visitors allowed in facility-based care. Advance directive laws may vary across states. Therefore, it is important to be sure that any advance directive form meets the requirements of a given state.
